

A \_\_\_ report has been received regarding a family whose case number in eWiSACWIS is \_\_\_\_\_. There is reason to know that one or more children identified in this report are enrolled or may be eligible for enrollment in a tribe. The Department of Children and Families' *Child Protective Services (CPS) Access & Initial Assessment (IA) Standards* require DMCPs and county CPS agencies to notify a tribe or band of the receipt and screening decision of CPS Reports and Child Welfare (CW) Services Reports involving a child for whom there is reason to know the child is enrolled or may be eligible for enrollment in a tribe.

This automated email is intended to initiate partnership with tribal child welfare agencies. When a CPS or CW Services Report is screened in, DMCPs and county CPS agencies are responsible for engaging the tribal child welfare agency in the assessment and case planning process. Providing copies of CPS Reports and CW Services Reports involving a child who are enrolled or may be eligible for enrollment in a tribe to the respective tribal child welfare agency is best practice and helps foster collaboration and partnership.
